## Licensing/Policy

### Victory Outreach Ministerial License: First-Time Applicant Overview

Welcome to the Victory Outreach International Licensing process!

This is a guide that will walk you through the Victory Outreach license application procedure. Please take time to read through this overview and the following instructions thoroughly. Here are the steps that will take you toward being credentialed as a licensed Victory Outreach minister. Please understand that licensing and the Exam appointment are interdependent processes, as explained below.

#### 1. **Application**

The process begins when the applicant logs on to VOADMIN.COM and completes the Victory Outreach Ministerial License Application.

a. The application provides the personal information which will assist the ministerial licensing committee with the necessary information to evaluate each applicant's qualifications for licensing and ministerial exam eligibility. The application process does not guarantee licensing or appointment but is a necessary step to determine the applicant's readiness for Victory Outreach ministry.

b. The application is accompanied with a checklist of all the documents which you will need to complete or supply in order to process the application for a Victory Outreach Ministerial License. Your application package will not be completed and ready for review until all of these items have been submitted, including a processing fee of \$150.00.

#### 2. **Acceptance Decision**

Upon receipt of a completed application, the Victory Outreach Ministerial Licensing Committee will decide whether or not to accept the applicant as a candidate.

a. If the applicant is accepted as a candidate, the Victory Outreach Licensing Committee will notify the applicant and the applicant's pastor with an email containing the acceptance letter and instructions to register for the Victory Outreach Ministerial Exam.

b. If the applicant is not accepted as a candidate, the Victory Outreach Ministerial Licensing Committee will notify the applicant via email.
